#### **Overview**

#### Who is Huawei electronics?

Founded in 1987 Changzhou Huawei Electronics is specialized in the production of Electrolytic Capacitors. Is ranked among the 100 TOP List of Chinese Electronic Components Enterprises and is listed on the Hong Kong stock exchange. Huawei Chang produces internally the raw material (foil) which allows to support extremely fast production lead times.

Where can I buy Huawei Elec products?

Positioned at the forefront of the global electronics industry, the company provides capacitor and energy storage solutions, continuously delivering maximum value to its customers, employees, shareholders, and stakeholders. Changzhou Huawei Elec Products are available at LCSC Electronics.

What types of capacitors does HWE manufacture?

HWE's product portfolio includes polymer solid capacitors, polymer hybrid capacitors, surface-mount capacitors, radial lead capacitors, snap-in capacitors, and screw terminal capacitors. These products are widely used in consumer electronics, industrial automation, automotive electronics, new energy, and power applications.

How many types of aluminum electrolytic capacitors are there?

Huawei Electronics as the only domestic supplier of a full range of aluminum electrolytic capacitors, produces a total of more than 100 series including six types: Lead, SMD, Snap-in, Screw, Solid, and Hybrid.

Where does Huawei electronics sell to?

Huawei Electronics has established a global sales service network, with multiple domestic offices and foreign sales branches. Our products are exported to Japan, Korea, Indonesia, India, Turkey, the United States, Russia, Germany, Brazil and other countries.
